To whom it may concern:

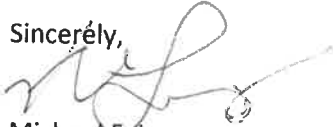

I am the owner of an analytic software company based in Conway, New Hampshire. My company fully supports the idea of expanding and renovating the North Conway Public Library. The library is a tremendous asset to the Mount Washington Valley, and a cornerstone for downtown North Conway.

I am excited about the prospect of the library adding a conference room and a large community room. From a business perspective, this will undoubtedly have a positive economic impact on the region. I look forward to utilizing this asset for business meetings as well as for community events.

Additionally, expanding the library's footprint will enable it to serve a larger number of people in the community. As a business leader in the community, and as a father of two kids who enjoy visiting the library, I fully support the expansion.

Please don't hesitate to reach out to me if you'd like to further discuss this. Thank you in advance for your consideration in helping with this project.

Sincerely,

Michael F. Laracy
