Dear Chairman Parker:

I write to support the grant request for the North Conway Public Library.

The North Conway Public Library is a 501(c) (3) non-profit organization which is privately funded, but free and open to the public.

The Library receives no public funding from the town, the state, or the federal government and is sustained by donations, fundraisers, and benefactors.

A generous benefactor has contributed \$2.5 million for the construction of a new addition and renovations to comply with the Americans with Disabilities Act.

In co-ordination with the new addition the Library Board of Trustees has embarked on a capital campaign to raise additional funds to upgrade the Information Technology infrastructure, to add new computers, and to add new books and shelves.

These additional funds will help provide the educational and technological resources the local residents and visitors who use the Library require.

Thank you for considering this grant request.

Sincerely,

Representative Tom Buco
